program

Welcome Letter

Dear Colleagues,

We are delighted to welcome you to the Scientific Workshop **“Artificial Intelligence in Oncology: Applications and Challenges,”** taking place on **June 20-21, 2024**, at the beautiful historic venue of **Anargyrios and Korgialenios School of Spetses (AKSS)**. This unique educational event is co-organized by the Metropolitan Hospital’s Comprehensive Clinical Trials Center and the Istituto Nazionale dei Tumori, Milan. It is conducted under the auspices of the International Association for the Study of Lung Cancer (IASLC), the Hellenic Ministry of Health, the Hellenic Society of Medical Oncology (HeSMO), the Hellenic Foundation for Cancer Research (ELIEK), the Hellenic Cooperative Oncology Group (HeCOG) and the HEAL Academy by HHG.

We are in an era where Artificial Intelligence (AI) has the potential to transform healthcare daily, creating new realities in patient care. Our ambition with this event is to present a program of high scientific interest, bringing together, for the first time in Greece, AI specialists and oncology professionals from major centers of excellence in Europe and America. The aim is to exchange views and expertise, foster a common language, and create opportunities for collaboration and advancements in AI applications in healthcare.

A distinguished scientific faculty will explore AI methodologies, unlocking their vast potential in oncology. Biologists, pathologists, AI experts, radiologists, and medical oncologists will demonstrate the current uses of AI in biomarker discovery, clinical trial integration, prediction, and screening, among many other applications in everyday clinical practice. Discussions will also cover economic and ethical issues, the impact to patients, and future avenues for AI-powered multiomic analysis and clinical research.

Our goal is for this inaugural event to be the first of a series of annual collaborative educational events, drawing both local and international scientists and clinicians in Oncology and AI, and establishing Greece as a hub of knowledge in this crucial field that is shaping the future of oncology healthcare.

We are confident that you will share our enthusiasm and invite you to support, promote, and contribute with your participation and active presence to the success of our event. We look forward to welcoming you all to the historic and beautiful island of Spetses for a unique scientific experience.

Warm regards,

The Scientific Chairs

Helena Linardou

MD, PhD, Imperial College London,
Consultant Medical Oncologist,
Director - 4th Oncology Dept.,
Metropolitan Hospital

Arsela Prelaj

Medical Oncologist, MD, PhD in Bioengineering
and Head of AI-ON-Lab,
Fondazione IRCCS
Istituto Nazionale dei Tumori, Milan

Scientific Program

THURSDAY	20 th June	2024
15:00-15:20	Registrations	
15:20-15:30	Welcome and introduction Chairs: H. Linardou (<i>Metropolitan Hospital, Greece</i>) A. Prelaj (<i>Istituto Nazionale dei Tumori, Italy</i>)	
15:30-16:30	Round table Defining AI: Introduction to AI methodologies and their use in clinical practice Chairs: A. Krithara (<i>NCSR Demokritos, Greece</i>) N. Korfiatis (<i>Ionian University, Greece</i>)	
15:30-15:45	Machine learning Speaker: F. Trovò (<i>POLIMI, Italy</i>)	
15:45-16:00	Neural networks, deep-learning and reinforcement learning Speaker: M. Restelli (<i>POLIMI, Italy</i>)	
16:00-16:15	What is explainable AI and technological challenges for AI Speaker: A. Pedrocchi (<i>POLIMI, Italy</i>)	
16:15-16:30	Discussion	
16:30-17:30	Round table AI models and their application in cancer diagnostics Chairs: K. Petraki (<i>Metropolitan Hospital, Greece</i>) Ath. Dimopoulos (<i>Metropolitan Hospital, Greece</i>)	
16:30-16:50	Deep dive into digital pathology vs traditional pathology: what is the AI promise? Speaker: A.T. Pearson (<i>University of Chicago, USA</i>)	
16:50-17:10	Radiomics in imaging: 'what is', 'how to', and a critical reflection Speaker: L. Roisman (<i>Shaare Zedek Medical Center, Israel</i>)	
17:10-17:30	Commentator: K. Varaki (<i>Metropolitan Hospital, Greece</i>)	
17:30-17:45	Coffee break	

THURSDAY

20th June

2024

17:45-18:40

Round table

Multimodal data for precision diagnostics and research

Chairs: **E. Fountzila** (*Oncogenome, Greece*)

K. Papadopoulou (*Hellenic Foundation for Cancer Research, Greece*)

17:45-18:05

AI-supported biomarker discovery

Speaker: **M. Ligerio** (*KatherLab, Germany*)

18:05-18:20

Multimodal data integration and predictive AI for cancer therapies

Speaker: **V. Miskovic** (*POLIMI, Italy*)

18:20-18:35

From genes to treatment: enhancing NGS interpretation in oncology through AI and LLMs.

Speaker: **G. Tsaousis** (*Genekor Medical S.A., Greece*)

18:35-18:40

Commentator: **G. Nasioulas** (*Genekor Medical S.A., Greece*)

18:40-20:00

Round table

The ethical and regulatory environment of AI in healthcare and the impact to patients

Chairs: **I. Boukovinas** (*Bioclinic, Greece*)

Ek. Boleti (*Royal Free, UK*)

18:40-19:00

AI innovations in society and healthcare

Speaker: **P. Bassios** (*MSD, Greece*)

19:00-19:15

Regulatory approaches and ethics

Speaker: **H. Kayhan** (*KU Leuven, Belgium*)

19:15-19:30

Health economics

Speaker: **M. Willis** (*Swedish Institute for Health Economics, Sweden*)

19:30-19:45

What is AI in healthcare for patients?

Speaker: **K. Pateli-Bell** (*Fairlife Lung Cancer Care, Greece*)

19:45-20:00

Commentator: **N. Dollis** (*Metropolitan Hospital, Greece*)

FRIDAY

21st June

2024

08:30-09:00	Coffee - Welcome
09:00-10:00	Round table Data science for clinical research: challenges and opportunities in AI solutions Chairs: A. Chatzidimitriou (<i>INAB, Greece</i>) G. Fountzilas (<i>Aristotle University of Thessaloniki, Greece</i>)
09:00-09:15	Large databases of real-world data and the prospects of AI Speaker: E. Minga (<i>INAB, Greece</i>)
09:15-09:30	Leveraging AI for perturbational modeling in single cell data Speaker: G. Gavriliadis (<i>INAB, Greece</i>)
09:30-09:45	Clinical data secondary use in Greece and implications for AI-based clinical research: the OHDSI-GR network Speaker: P. Natsiavas (<i>INAB, Greece</i>)
09:45-10:00	Discussion
10:00-11:00	Round table Building an AI-based project, a hands-on practical Chairs: H. Linardou (<i>Metropolitan Hospital, Greece</i>) V. Miskovic (<i>POLIMI, Italy</i>)
10:00-10:20	Part 1: what and who do we need? Using AI tools for AI projects Speaker: G. Scoazec (<i>Istituto Nazionale dei Tumori, Italy</i>)
10:20-11:00	Part 2: phase 1, data collection Phase 2/3, model construction and deployment (training, validation, evaluation) Speakers/Hands-on examples: A. Ferrarin (<i>POLIMI, Italy</i>) A. Zec (<i>POLIMI, Italy</i>) N. Spathas (<i>Metropolitan Hospital, Greece</i>) M. Megapanou (<i>Metropolitan Hospital, Greece</i>)

FRIDAY

21st June

2024

11:00-12:10

Round table

AI for patient and disease monitoring: digital health in oncology

Chairs: **G. Lo Russo** (*Istituto dei Tumori, Italy*)

Z. Saridaki (*HESMO, Greece*)

P. Skarlos (*Metropolitan Hospital, Greece*)

11:00-11:20

Integrating AI tools in clinical research: examples from ovarian and breast cancer

Speaker: **M. Crispin-Ortuzar** (*University of Cambridge, UK*)

11:20-11:40

AI applications in clinical trials

Speaker: **L. Provenzano** (*Istituto dei Tumori, Italy*)

11:40-12:00

Digital health interventions

Speaker: **Th. Kosmidis** (*CareAcross, Greece*)

12:00-12:10

Commentator: **E. Sarris** (*Metropolitan Hospital, Greece*)

12:10-12:30

Coffee break

12:30-13:40

Round table

Applying data to understand disease pathology and applications in different therapeutic areas in oncology - The future is now

Chairs: **A. Christopoulou** (*St Andrew Hospital, Greece*)

N. Hatzinikolaou (*Biologist, Greece*)

C. Proto (*Istituto dei Tumori, Italy*)

12:30-12:50

AI/Radiomics 2.0: lessons learned from a European funded project in prostate cancer

Speaker: **N. Papanikolaou** (*Center for the Unknown, Champalimaud Foundation, Portugal*)

12:50-13:05

Examples of AI-based applications in other solid tumours (breast, lung, etc)

Speaker: **G. Lainakis** (*Metropolitan Hospital, Greece*)

13:05-13:25

AI for hematological malignancies - acute and chronic leukemias

Speaker: **A. Srisuwananukorn** (*Ohio State University, USA*)

13:25-13:40

AI in bronchoscopy for diagnosis and staging of lung cancer

Speaker: **N. Koufos** (*Metropolitan Hospital, Greece*)

FRIDAY

21st June

2024

13:40-14:20

Round table

sponsored by AstraZeneca 

Chairs: **E. Galani** (*Metropolitan Hospital, Greece*)

G. Mountzios (*Henry Dunant Hospital, Greece*)

13:40-14:00

The evolution of precision medicine and how is AI transforming healthcare

Speaker: **Ch. Antonopoulos** (*AstraZeneca Greece*)

14:00-14:20

Digital and computational pathology

Speaker: **P. Foukas** (*Attikon University Hospital, Greece*)

14:20-15:20

Round table

AI in academic oncology research: The state of the art

Chairs: **P. Kosmidis** (*Hygeia Hospital, Greece*)

A. Psyrris (*Attikon University Hospital, Greece*)

H. Linardou (*Metropolitan Hospital, Greece*)

14:20-14:40

The most important clinical needs in lung cancer that could be addressed with AI

Speaker: **E. Felip** (*VHIO, Spain*)

14:40-15:00

Machine learning in precision oncology, the multiomics perspective
(the example of I3LUNG)

Speaker: **A. Prelaj** (*Istituto Nazionale dei Tumori, Italy*)

15:00-15:20

Applications and perspectives of AI for drug discovery

Speaker: **M. Garassino** (*University of Chicago, USA*)

15:20-15:30

Closing remarks | Take-home messages

H. Linardou (*Metropolitan Hospital, Greece*)

A. Prelaj (*Istituto Nazionale dei Tumori, Italy*)

FRIDAY

21st June

2024

I3Lung Consortium | Closed Annual Meeting

16:00-16:15

Welcome

Welcome Metropolitan group
I3LUNG Chair Welcome
General achievements
Focus point on the upcoming objectives - **A. Prelaj INT group**

16:15-16:25

Project management & coordination

Year 2's results and next steps for year 3 - **MSIR group**

16:25-18:00

Platform, data capturing & integration

- Overview: update on the studies' recruitment - **INT group**
 - Clinical study advancement: protocol amendment status, sites collaboration, eCRF completion plan - **MSIR group**
 - Platforms update - **ML3 group**
 - Clinical data results from the retrospective cohort - **Metropolitan group**
 - Retrospective Translational OMICs - status updates - **INT group**
Q&A
-

18:00-18:30

Coffee break

18:30-19:00

Radiomic and digital pathology

- Radiomics: Retrospective features update, and future steps on the prospective cohort - **SZMC group**
 - Digital Pathology: results from the retrospective data and future steps on the prospective cohort - **UoC group**
-

19:00-19:30

Retrospective tool

PDSS 1st version (retrospective data). Description and updates on the tool - **POLIMI group**
Q&A

19:30-20:00

EU Commission Report

Output of the interactions with the EU Commission meeting: suggestions, adjustments, and project goals for year 3 - **INT group**
Q&A

Participants

Antonopoulos Christos	MD, PhD, EMBA, Director and Board Member, Oncology/ Hematology Business Unit, AstraZeneca Pharmaceuticals Greece & Cyprus
Bassios Panos	Digital, Data & Analytics Director, MSD Greece
Boleti Ekaterini	MD, PhD, FRCP, Consultant in Medical Oncology, Royal Free London NHS Foundation Trust
Boukovinas Ioannis	MD, PhD, PharmaD, Head of Oncology Department, Bioclinic Thessaloniki
Chatzidimitrou Anastasia	Director, Institute of Applied Biosciences, CERTH (INAB/CERTH)
Christopoulou Athina	MD, MSc, PhD, Head, Department of Internal Medicine, Division of Clinical Oncology, St. Andrews General Hospital of Patras
Crispin-Ortuzar Mireia	Group Leader, Early Cancer Institute, University of Cambridge
Dimopoulos Athanasios	MD, PhD, Venia Docendi Medical University of Vienna, Fmr ESTRO Faculty Member, Medical Director, Department of Radiation Oncology, Metropolitan Hospital, Athens
Dollis Nina	Clinical Health Psychologist, 4th Oncology Department, Metropolitan Hospital
Felip Enriqueta	MD, PhD, Section in Chief, Medical Oncology Department, Director Thoracic Oncology Unit, Vall d'Hebron University Hospital, Vall d'Hebron Institute of Oncology (VHIO), Professor of Medicine, UAB
Ferrarin Alberto	Fellowship Researcher, Department of Electronics, Information and Bioengineering (DEIB), Politecnico di Milano
Foukas Periklis	Professor of Pathology, National and Kapodistrian University of Athens, School of Medicine, Attikon University Hospital, Athens, Greece
Fountzila Elena	Medical Oncologist, Clinical Associate Professor, EUC, St. Luke's Hospital, Thessaloniki, Greece
Fountzilas George	Professor Emeritus, Aristotle University of Thessaloniki
Galani Eleni	Medical Oncologist, Associate Director, 2nd Oncology Clinic, Metropolitan Hospital
Garassino Marina	MD, Professor of Medicine, Director, Thoracic Oncology Program, The University of Chicago, Department of Medicine, USA
Gavriilidis George	Post-Doctoral Researcher in single-cell omics, Institute of Applied Biosciences (INAB), Centre for Research and Technology Hellas (CERTH), Thessaloniki
Hatzinikolaou Nikolaos	Biologist, Greece
Kayhan Halid	Researcher, KU Leuven Centre for IT & IP Law (CiTiP), Belgium
Korfiatis Nikolaos	Professor of Data Science and AI, University of East Anglia, UK and Ionian University, Greece
Kosmidis Paris	Medical Oncologist, Director, 2nd Oncology Clinic, HYGEIA Hospital

Kosmidis Thanos	CEO, CareAcross
Koufos Nikolaos	Pulmonologist , Metropolitan Hospital
Krithara Anastasia	Associate Researcher, Institute of Informatics & Telecommunications, NCSR “Demokritos”, General Secretary of Hellenic Artificial Intelligence Society (EETN)
Lainakis Georgios	MD, MSc, Medical Oncologist, Associate Director, 4th Oncologic Dpt., Metropolitan Hospital
Ligero Marta	Postdoctoral researcher, Kather Lab for Clinical AI, EKfZ, Dresden, Germany
Linardou Helena	MD, PhD, Imperial College London, Consultant Medical Oncologist, Director - 4 th Oncology Dept., Metropolitan Hospital
Lo Russo Giuseppe	MD, PhD, Thoracic Oncology Unit, Medical Oncology, Department 1, Fondazione IRCCS Istituto Nazionale dei Tumori, Milan
Megapanou Maria	Associate Doctor, 4 th Oncology Department, Metropolitan Hospital, Greece
Minga Evangelia	Electrical and Computer Engineer, Functional Scientific Personnel, Institute of Applied Biosciences (INAB), Centre for Research and Technology Hellas (CERTH), Thessaloniki, Greece
Miskovic Vanja	Post Doc Researcher, Politecnico di Milano and Istituto Nazionale dei Tumori
Mountzios Giannis	MD, MSc, PhD, Medical Oncologist, Director, 4th Oncology Department and Clinical Trials Unit, Henry Dunant Hospital Center, ONCOLIFE Network Founder
Nasioulas Georgios	PhD, Chief Scientific Officer, Genekor Medical S.A.
Natsiavas Pantelis	Software Engineer, Researcher (Grade C), Institute of Applied Biosciences, Centre for Research and Technology Hellas (INAB CERTH)
Papadopoulou Kyriaki	PhD, Mrs, MSc, Biologist, Director, Laboratory of Molecular Oncology, Hellenic Foundation for Cancer Research (H.F.C.R)
Papanikolaou Nickolas	Head of Computational Clinical Imaging Group, Centre for the Unknown, Champalimaud Foundation, Lisbon, Portugal, Machine Learning Imaging Lead, Royal Marsden, London, UK, Honorary Reader, The Institute of Cancer Research, London, UK, Affiliated Researcher, Karolinska Institute, Sweden, Senior Affiliated Researcher, Institute of Computer Science, FORTH, Heraklion, Greece
Pateli-Bell Korina	Founder & President, FairLife Lung Cancer Care
Pearson Alexander T.	MD, PhD, The University of Chicago, Director, Center for Computational Medicine and Clinical Artificial Intelligence, Director, Head/Neck Cancer Program
Pedrocchi Alessandra	Professor, Department of Electronics, Information and Bioengineering, Politecnico di Milano

Petraki Kalliopi	MD, PhD, Pathologist, Head of Pathology Department, Metropolitan Hospital
Prelaj Arsela	Medical Oncologist, MD, PhD in Bioengineering, and Head of AI-ON-Lab, Fondazione IRCCS, Istituto Nazionale dei Tumori, Milan
Proto Claudia	MD, Medical Oncology Department, Fondazione IRCCS Istituto Nazionale Tumori, Milan
Provenzano Leonardo	MD, PhD Student, Medical Oncology Department, Fondazione IRCCS Istituto Nazionale dei Tumori, Milan
Psyrris Amanda	MD, FACP, Professor of Medical Oncology, Chair of Medicine, Attikon University Hospital, Athens, Greece
Restelli Marcello	Associate Professor of Computer Science and Engineer, Dipartimento di Eletttronica, Informazione e Bioingegneria, Politecnico di Milano
Roisman Laila	PhD, Head of Precision Oncology and Innovation, Shaare Zedek Medical Center, Jerusalem Israel, Senior Lecturer Adj. Ben Gurion University
Saridaki Zenia	MD, PhD, Medical Oncologist, President of the BoD of the Hellenic Society of Medical Oncology (HeSMO), Director at the 1st Oncology Dept. Metropolitan Hospital, Athens, Scientific Director of the Oncology Department “Asklepios DIAGNOSIS”, Heraklion, Crete
Sarris Evangelos	MD, MSc, Medical Oncologist, Consultant, 4 th Oncology Department, Metropolitan Hospital
Scoazec Giovanni	Scientific Directorate, Fondazione IRCCS, Istituto Nazionale dei Tumori
Skarlos Pantelis	MD, PhD, Deputy Director of Radiotherapy Department, Metropolitan Hospital
Spathas Nikolaos	MD, Medical Oncologist, Consultant, 4 th Oncology Department, Metropolitan Hospital
Srisuwananukorn Andrew	Assistant Professor, Division of Hematology, The Ohio State University Comprehensive Cancer Center
Trovò Francesco	PhD, Assistant Professor (Artificial Intelligence and Robotics), Dipartimento di Eletttronica, Informazione e Bioingegneria, Politecnico di Milano
Tsaousis Georgios	PhD, Group Leader of Bioinformatics, Genekor Medical S.A.
Varaki Kalliopi	MD, PhD, Radiologist, Director of Radiology Department, Metropolitan Hospital
Willis Michael	PhD, Research Director, The Swedish Institute for Health Economics
Zec Aleksandra	PhD Student, Department of Electronics, Information and Bionengineering, Politecnico di Milano

General Information

Co-organised by:

OncoCaRE Metropolitan Hospital, Athens, Greece
Istituto Nazionale dei Tumori, Milan, Italy

Under the auspices of:

HESMO (Hellenic Society of Medical Oncology)
ELIEK (Hellenic Foundation for Cancer Research)
HeCOG (Hellenic Cooperative Oncology Group)
Ministry of Health
HEAL Academy - HHG

Endorsed by:

IASLC (International Association for the Study of Lung Cancer)

Workshop dates:

20 - 21 June 2024

Workshop venue:

Anargyrios and Korgialenios School of Spetses Foundation (AKSS)
Spetses Island, Greece

Registration:

Registration and attendance are allowed only to healthcare professionals, undergraduate/graduate students. Registrations require presentation/proof of professional capacity or status. Participants who wish to attend the Workshop should have completed their registration online via the website www.events.gr.

Watch On Line

The Workshop will take place in Hybrid format and will be available simultaneously online through www.livemed.gr. If you are a new user, click the Register button at the top right of the page, and then complete the registration form with the necessary information. In the case that you are already a registered user, click the Log In button on the main page, and then fill in the Username and your password in the required fields. Once you have logged in with your Livemed passwords, go to the **Live** section. From there, select the event you want to watch and press the **Go Virtual** or **Go Live**.

Then, select **“Conference Hall”**, from the menu at the bottom of your screen

Important Note: In case you wish to receive a certificate of attendance, it is required that you have completed your registration through the virtual **“Congress Secretariat”**.

CME - CPD credits:

The workshop has been accredited with 12 CME - CPD credits according to EACCME-UEMS criteria.

Certificate of attendance:

Please note that a barcode system will be used and in order to obtain CME credits you must complete 60% participation of the scientific program. The certificates will be sent by the end of the Workshop.

Disclaimer: The event will be photographed, videotaped and broadcasted live.

Secretariat:
